

Mild Techno

Applications

- Grinding and polishing on curved or irregularly shaped surfaces
- Polishing prior to plating
- Removing rust prior to painting

- The use of a small substrate realizes curvature and flexibility of the abrasive cloth, which are suited to grinding/polishing tasks on curved or irregularly shaped surfaces.

Mild Techno

- Aluminum oxide(A)

Radial Wheel

Applications

- Polishing prior to plating
- Removing rust prior to painting
- Polishing of iron, stainless steel

- The erect abrasive cloth does not press hard against work pieces or leave scratches.
- Large spacing between abrasive cloth ensures the gaps do not clog with removed rust or paint.
